

Siuslaw Watershed Council

February 2011

NATIVE RIPARIAN PLANT

DISTRIBUTION (NPD): Many volunteers, donors, landowner participants, and staff members helped to make the 2011 NPD Day successful. Hopefully you have already planted your seedlings. Two key items at the start help increase the survival rates of plants—speedy planting and marking all plants with flagging tape or flags. We have a limited amount of plants, tubes, poles, and flagging available.

Call the SWC office for more info.

OPPORTUNITIES: When invitations to bid are posted for SWC projects, they are listed at www.siuslaw.org/announcements.

February General Council Meeting

6:30p, Wednesday, 2/23, Mapleton Grange

An overview of ODFW's Avian Predation Program, Michelle Schuiteman, ODFW;
Is the Past Present? Historical Splash-dam Mapping and Stream Disturbance Detection in the Oregon Coastal Province, Rebecca Miller, Fisheries and Wildlife Graduate Student, PNW Research Station

Looking Ahead: The March General Council Meeting on 3/30 will be the Annual Ocean Issues Forum at the FEC in Florence. 2011 Ocean Issues Forum will focus on Climate Change and the Pacific Ocean.
