Siuslaw Watershed Council

August 2011

SIUSLAW WATERSHED

EXPLORATION CAMPS • Youth participants reported having fun while learning a lot at the camps. Thank you to everyone who volunteered or made donations. OWEB, Western Lane Community Foundation, and individual donors helped to fund the camps.

PLANT MAINTENANCE • In addition to clearing encroaching plants from around your seedlings, you may need to protect them from grazing by deer, elk, or other animals. Protective tubes and cages are available in limited quantities for native riparian vegetation. Call or email Ginger at SWC office. The project receives funding from the Coast Range Stewardship Fund.
