February 2012

NATIVE RIPARIAN PLANT DISTRIBUTION (NPD): The 2012 NPD Day was once again successful due to the efforts of volunteers, donors, landowner participants, and staff. Thank you all for your efforts. Last weekend had great planting weather. If you did not get your plants in the ground and flagged yet, please do so soon to increase their likelihood of survival. More plants, tubes, poles, and flagging tape are available. Contact Ginger at the SWC office for more info.
