

SUMMER & NATIVE PLANTS • These beautiful summer days are great for a walk to check on the native seedlings that you planted in the winter. Those seedlings may need competing plants cut away, tube maintenance, or water. For more info: crew@siuslaw.org or call the SWC Office.

CELEBRATE SIUSLAW SALMON • Two terrific bands, local food and brews, great people and accomplishments, and excellent silent auction items—all on Friday, September 20 at the Florence Events Center. Contact the SWC Office or board members for tickets.

OPPORTUNITIES • Invitations to bid and job openings with the SWC are posted at www.siuslaw.org/announcements.
