

### Siuslaw Watershed Council Accomplishments in 2015 Include:

- **200 pieces of large wood** were placed, to enhance in-stream, off-channel, and floodplain habitat for coho, trout, lamprey, and many other species far into the future.
- More than **120 riparian or wetland acres** were prepared, planted, or maintained, advancing the establishment of native riparian plants which will increase future stream shading, filtering of nutrients, and large wood recruitment.
- Over **10 stream miles** were surveyed at past large wood placement sites to assess post-project effectiveness.
- Through the Siuslaw Watershed Camps, **53 local and visiting youth** learned about watershed health.

Hawley Creek site preparation and riparian planting with willow, dogwood, oak, ash, maple, and cedar.

- Throughout the watershed **21 sites** were monitored for up to nine water quality parameters.
- SWC projects **created local jobs and work**, including contracts and business with local tree fallers, heavy equipment operators, log truck drivers, surveyors, contractors, marinas, restaurants, nurseries, and more.

**2015 Funders Include:** OWEB, USFS, Coast Range Stewardship Fund, BLM, USFWS, WLCF, SSD, OHA, EPA, NOAA, and individual & business donors.

Siuslaw Watershed Camp participants learn about water flow and velocity.
